MCA	Annamacharya Institute of Technology and Sciences, Razampet (Autonomous)	JNTUA	2023	Computer Applications	84%
BSC(MPCs)	The Adoni Arts and Science College, Adoni	Rayalaseema University	2021	Maths, Physics & computer science	72%
Intermediate (M.P.C)	Sai Junior College, Adoni	Board of Intermediate Education A. P	2018	Maths, Physics & Chemistry	67%
SSC	Z. P. High school, Madire-111	Secondary School Education of A.P	2016	General	78%

### SOFTWARE PROFICINCY

**Programming Language** : Python and Advance python

**Scripting Language** : Java Script

**Frontend Technology** : HTML&HTML5, CSS&CSS3, Bootstrap

**Framework** : Django

**Database** : MySQL&PLSQL

## **ACADEMIC PROJECT**

**Project Title:** “Novel XG-Boost Tuned Machine Learning Model for Software Bug Prediction “

- **Technologies:** Python
- **Aim:** Detecting bugs in software.
- **Description:** In this project, we want to verify the effectiveness of XG-Boost Algorithm in detecting bugs in software when compared to traditional machine learning algorithms like Logistic regression, Decision trees, Random Forest, AdaBoost.
- **Role:** Individual contributor responsible for groundwork, including idea generation, coding, testing, designing, and other associated tasks.

**Mini Project:** “Software for Game”

- **Technology:** Python
- **Description:** To arrange the candies on a game board to make match of three or more of the same colour candies.
- **Role:** Team member

## **PERSONAL SKILLS**

- Good communication Skills
- learning ability
- Team player
- Self-motivated
- leadership
